## *Our Sweet Accommodations*

Located on airport grounds, the award-winning Gingerbread Cottage at the Airport Hotel is the closest hotel to the airport terminal. With the new Sleeping Beauty Sweet Sleeper(SM) Bed (try saying that 5 times fast) in all guest rooms, 24-hour complimentary airport shuttle service, 24-hour room service, free internet access, and nine Baby Bear suites (which are too wee for hospitality use, but we have the Ginger breakfast room available for groups), we are ideal for both business and leisure guests. And our superior guest service ensures all guests are always satisfied.

Our 17,500 square feet of meeting and event space (if you count the hallways, bar, and lobby) keep our 17 meeting and conference rooms busy and meeting planners happy.

We are convenient to both the Enchanted Forest and Portland. Many local attractions, including the majestic Mt. Hood, and extreme forest hiking trails offer a variety of leisure activities for the outdoorsy fantasy fan.
