These are premiere accommodations offering large surfaces, multiple bedrooms, full size kitchens, gardens, terraces, comfort, class and sophistication. Choose the best, stay at the top! These are premiere accommodations and range in size from 14000 to 16000 square feet. Certain villas can be combined to make a 4-bedroom/4-bathroom private residence. The two king-size beds can be cloned if required. This suite has six bathrooms, a guest cloak-room, a sitting room and a fully equipped kitchen. One of the bedrooms is open-plan with views overlooking the private garden square. Pool, spa, and stables with riding run complete the perfect family suite.

Groups

The Trantor Hilton and Towers welcomes groups visiting the exciting center of government that is Trantor.

We offer exclusive group rates:

Single/Double: \$129

Triple/Quad: \$149

Parking is free, as far as we're concerned, at only \$10 per night.

Space rental is \$5000 if you fill your room block. More if you don't.

If you have to inquire into the prices in the mini-bar you can't afford it. Never a corkage waiver, at any time.

However, we absolutely welcome groups and have 5,000,000 sq. ft. of function space to serve you, when it's not all booked for Galactic civil service banquets.

Our Mysterious Visitor...

Regularly appearing in the lobby bar, entertaining the patrons with crazy stories about things that make no sense. We view it as a sign that the Empire will continue and our hotel is favored to last 10,000 years.
